A NEW PATHWAY TO OA FOR ANNUAL REVIEWS

Subscribe to Open

empowers libraries to use their collection budgets to make world-leading review journals open to everyone. The successful pilot program launched in 2020.

S2O
2021

THE NEED FOR THIS OA INNOVATION

Annual Reviews invites experts to synthesize knowledge for the progress of science and the benefit of society. OA is the optimal way to disseminate this highly valued content... but OA mandates and APCs don't apply to all published content.

8 JOURNALS

- ▶ *Annual Review of Biomedical Engineering*
- ▶ *Annual Review of Cancer Biology*
- ▶ *Annual Review of Environment and Resources*
- ▶ *Annual Review of Genomics and Human Genetics*
- ▶ *Annual Review of Nuclear and Particle Science*
- ▶ *Annual Review of Political Science*
- ▶ *Annual Review of Public Health*
- ▶ *Annual Review of Virology*

MORE IMPACT

S2O titles increase the impact of your spend. The only way to guarantee access is to participate.

WIN

WIN

OUR GUARANTEE

The eight titles will publish with CC BY licenses if all our subscribers renew. More journals will move to **Subscribe to Open** with the success of the existing titles.
